STUDENT-ATHLETE RECRUITER ROUNDTABLE AND NETWORKING EVENT

Student-Athlete Recruiter Roundtable consists of local and national companies interacting with current and/or former University of Florida athletes. Our main purpose for this event is to provide athletes with the opportunity to converse with business professionals regarding internships, mentorships and/or full time positions. This event will help our Gator athletes create networking contacts and establish relationships that can lead to limitless opportunities once their competing career is over.

Athlete Connections Networking Event, "The New Locker Room", will bring together the most elaborate supporters of the University of Florida, including former student-athletes, Hall of Famers, coaches, faculty, alumni, and boosters. Also in attendance will be key companies, educators, political figures and community partners. Employers have the opportunity to interact with former Gator athletes who are seeking internships and/or full-time positions. The setting will be business casual. Get up close and personal with some of Florida's finest athletes who are looking to network and join successful companies with a chance to make a difference and grow professionally.

Athlete Connections is a non-profit 501(c)3 organization working with universities to assist current and former student-athletes in the transition from athletics to the workforce.

As a company comprised of many former student-athletes, we identify with the challenges many athletes face in launching the next phases of their careers. Due to the dedication required to maintain high university standards on and off the playing field, student-athletes are often left with a career preparation void.

Our collaborative work with universities and employers serves to advocate, expand and improve career opportunities for young men and women and to increase public and policy-maker awareness of their needs.

Athlete Connections has a web-based component dedicated to helping athletes develop the skills necessary to transition into post athlete careers and find employment opportunities. By continually adding new companies to Athlete Connections' network, and through Athletic Community Career Fairs, the list of potential jobs and connections that athletes have at their fingertips are endless.
